Practice Manager

Mr Ravi Iyer

Receptionists

Irene, Jill, Sharon, Joanne, Christine, Glynis, Linda, Janet, Natasha and Audrey

Practice Nurse

Miss Edna Manyusa RGN

Phlebotomist

Sejal Solanki

Practice Counsellor

Miss Ladan Ghiami

Health Care Assistant

Ms Gillian Sexby

Medical Secretary

Ms Christine Barnes

Osteopath

Mr Nik Patel

General Practitioner Registrar and Students

Our practice is a teaching practice. We are fortunate to have medical students attached to our practice for short periods. If you do not wish to have the student present during your consultation please inform the reception staff prior to seeing the doctor. However, where possible please allow medical students to participate in your care during their time with us as this will help them become excellent doctors in the future. Drs Bhatti, Das and Khalil are the lead teachers in the practice.

Smile with Style!

Going to the dentists may be something that fills you with dread whether it's to have a check-up, a filling or an extraction, but dentistry has changed so much for the better and the aim now is for healthy mouths that stay healthy by having regular check-ups. Teeth are for life and can last a lifetime if they are looked after properly.

You may be surprised to learn that, according to the Adult Dental Health Survey (UK) of 1998, about three-quarters of the population have some form of gum disease and more teeth are lost through gum disease than decay. So regular visits to the dentist are vital, not only to monitor tooth decay, but also to help prevent gum disease.

However, dentistry is no longer just a case of filling and extracting teeth, as it was for many years. Nowadays, many people turn to cosmetic dentistry, or 'aesthetic dentistry', as a way of improving their appearance, much as they would try a new hairstyle or perhaps even cosmetic surgery. The treatments can be used to straighten, lighten, reshape and repair teeth. Cosmetic treatments include veneers, crowns, bridges and tooth-coloured fillings.

Speak to your dentist who will be delighted to advise you on what is available, and the costs involved, to give you a smile to be proud of.

Attract **more business** by placing your advert **here**. Simply call 0800 0234 196.

Opening Hours

Mondays - Fridays - 8.00am - 6.30pm (early morning appointments from 7.00am on Mondays and Wednesdays, late evening appointments till 7.30pm on Tuesdays)

Appointments

Appointments may be made by telephoning the surgery during our opening hours. Routine appointments can be made up to four weeks in advance, which will enable us to offer you an appointment at a time more suitable to your requirements. If you cannot keep an appointment, please inform us as soon as possible as this will assist in over-subscribed situations. Appointments with the GPs are 10 minutes in length. If you have more than two problems that you wish to discuss please book a double appointment so that the GP can cover all your concerns on the same day.

The practice has urgent appointments that can be booked on the same day by ringing at 9.30am for the morning appointments or 2.30pm for the afternoon appointments. These appointments are for acute medical problems and are not for medical certificates or medication reviews or for renewing prescriptions.

Patients have a right to book with a GP of preference, except when their condition is urgent requiring same day attention. Patients who wish to see a particular GP should understand and accept that they may have to wait longer to see this GP depending on their popularity.

The practice runs a "WORKERS' CLINIC" from 7.00am on Mondays and Wednesdays and until 7.30pm on Tuesdays. Please be aware that these clinics are extremely popular and are usually booked well in advance.

All registered patients can request an appointment with a GP or nurse irrespective of when they last consulted.

Emergencies

If you are confronted by a serious problem such as severe chest pain or severe bleeding call an ambulance (tel: 999) before calling the surgery.

Home Visits

These are normally only required by our elderly or housebound patients after discussion with the duty doctor. Patients for whom a visit is not necessary can be seen in the unbooked clinic on the same day. Please contact the reception as soon as possible if you think you need a visit so that we can arrange this for you as early as possible in the day. The doctors do most of their visits after morning surgery (1.00 - 3.00pm).

Out-of-Hours Service

SELDOC 020 8693 9066 or NHS Direct 0845 46 47 (www.nhsdirect.nhs.uk)
All of the out-of-hours calls are covered by a co-operative of local GPs administered by an organisation known as SELDOC (South East London Doctors On Call). If urgent medical attention is required when the surgery is closed please ring any of the above numbers. Calls to SELDOC may request you to attend an out-of-hours centre. Alternatively you may contact NHS Direct which is available 24 hours a day for information on services or health advice from a nurse or doctor. Or try your local pharmacist for advice.

For the latest information click to: www.drsabhathi.co.uk

If you need emergency treatment in a critical or life threatening situation you should go to the nearest accident and emergency or if necessary ring 999 for an ambulance. If you are not sure what to do ring SELDOC on 8693 9066.

GP Walk-in Centre - Lister Primary Care Centre, 101 Peckham Road, Peckham SE15 5LJ

Tel 0203 049 8430. Open seven days a week 8.00am – 8.00pm

Guy's Urgent Care Centre - Ground Floor, Tabard Annexe, Great Maze Pond, London SE1 9RT

Tel 0203 049 8970. Open seven days a week 8.00am – 8.00pm

Registration

To register with the practice, you will need to reside within the catchment area (see map) and will need to complete a GMS1 form and bring it to the reception together with recent (within last 3 months) proof of address (tenancy agreement, council tax bill or bank statement). The practice does not register new patients during peak times ie between 8.00 – 10.00am, or between 2.30 – 3.00pm or after 5.00pm. Before registration can be completed and an appointment can be booked with GP/nurse, new patients must attend an appointment for a new patient medical check with the healthcare assistant.

Repeat Prescriptions

Repeat prescriptions can now be ordered online through our website www.drsabhathi.co.uk and will be issued at the doctor's discretion. They are normally for patients on long term treatment. Request prescriptions must be made in writing. We are unable to take orders or issue prescriptions over the telephone unless you are housebound and it has been agreed with the GP. We are unable to process requests made at weekends, public holidays or out of normal surgery hours.

Please allow two working days before collection and make allowances for weekends and public holidays. Where possible give exact drug names when ordering.

Test Results

Test results and letters from local hospitals have to be checked by the doctor. Therefore please telephone for results in the afternoon. Some tests take longer than others. Your doctor should be able to give you an idea of how long you are likely to wait.

Do not book a follow-up appointment with the doctor until you have confirmed that the results are on your records. The practice will contact you if the results are abnormal and require you to discuss with a doctor/nurse.

Clinics

Antenatal Clinic

Patients when pregnant are referred for shared antenatal care, most of which is provided by the midwives who are based in the same premises as the practice.

Baby Clinic

The six to eight week child development checks are carried out by Drs Bhatti and Khalil. For child immunisations please book an appointment with the practice nurse.

If you wish to discuss other problems, eg sleeping, feeding and child health worries please see the health visitors in the first instance who run walk-in clinics every Thursday between 9.30 – 11.30am in the same premises as the practice.

Asthma Clinic

This is run by the practice nurse in conjunction with the doctors, by appointment only. All patients who suffer from asthma should have a review once a year with the practice nurse.

Diabetic Clinic

Diabetic care is provided by all doctors during normal surgery hours. Diabetic patients are advised to attend at least once a year for a diabetic review with the doctor.

Family Planning

Contraceptive care is provided by all doctors and the practice nurse during normal surgery hours.

Well Woman Clinics

Postnatal checks are run by Drs Bhatti and Khalil. Please book with the practice nurse for smears and to discuss any other women's health issues.

Minor Surgery

Dr Bhatti carries out minor surgical procedures by appointment only on Monday and Wednesday afternoons. The doctors will be happy to advise you on this.

Osteopathy

An NHS osteopath works every Wednesday morning at Parkers Row. Patients should see a doctor to assess suitability prior to booking an appointment with the osteopath.

Non-NHS Examinations

The doctors are happy to carry out medicals, eg insurance and driving licence, by appointment outside of surgery hours. Please telephone the surgery for an appointment. The fees charged for these services are in line with the BMA recommended charges.

Counselling

The practice has one fully qualified counsellor who works on a Tuesday. Please see the doctor first who will assess suitability for this service.

Travel Advice/Vaccinations

This is run by the practice nurse. Please book at least four weeks in advance of your holiday to ensure adequate cover. The practice does charge for advice given and some vaccinations are chargeable which needs to be paid in advance in cash only as the practice does not have a card machine. Please ask at reception for the latest fees.

Useful resources

Fit for travel: www.fitfortravel.scot.nhs.uk

Foreign and commonwealth office:

www.fco.gov.uk/travel

Department of Health Advice for Travellers:

www.dh.gov.uk

Flu Vaccination

An influenza vaccination is particularly recommended for patients over the age of 65 and/or those that suffer from heart, lung or kidney disease, diabetes, are immunosuppressed or residents of nursing and rest homes.

Please contact the reception staff in October for details of the vaccination dates and to make an appointment. If you are unable to attend the surgery, a home visit will be arranged to undertake this facility.

Yellow Fever Vaccinations

Bermondsey Spa Medical Practice is an authorised Yellow Fever Vaccination Centre. This is open to non-registered as well as registered patients and there is a charge for this vaccination as it is not covered by the NHS. A list of these charges is held at reception.

Comments and Suggestions

We are happy to accept and consider comments and suggestions from our patients. Please present your views in writing at reception.

Disabled Access

Patients with a Blue Badge Permit are able to park at the front of the premises as per the usual parking permit restrictions.

Disabled patient WC is provided adjacent to the patients' waiting room near the front of the premises. If access proves difficult to any of our disabled patients we would be happy to consider any suggestions for improvement.

Complaints Procedure

We always try to provide the best service possible, but there may be times when you feel this has not happened. The following information explains our in-house complaints procedure, drawn up to respond to patient grievances. Our practice procedure is not able to deal with questions of legal liability or compensation. We hope you will use it to allow us to look into and, if necessary, correct any problems that you have identified, or mistakes that have been made. If you use this procedure it will not affect your right to complain to the Health Service Authority. Please note that we have to respect our duty of confidentiality to patients and a patient's consent will be necessary if a complaint is not made by the patient in person.

For the latest information click to: www.drsabhathi.co.uk

If you wish to make complaint, please telephone or write to our practice manager. Please note that it is often better to put your concerns down in writing rather than discuss them over the telephone to ensure that your concerns are accurately recorded. Full details will be taken and a decision made on how best to undertake the investigation.

We believe it is important to deal with complaints swiftly, so you should receive a full response and explanation to your concerns within 10 working days. Occasionally it may take longer, but we will keep you informed throughout. If you are not happy with the response from the practice you may request a face to face meeting with the practice manager and/or Dr Bhatti (principal GP).

You may bring a friend or relative with you to the meeting. We will try to address your concerns, provide you with an explanation and discuss any action that may be needed.

Full details of our complaints procedure are available from reception as a separate, more detailed leaflet.

Confidentiality

We ask you for personal information so that you can receive appropriate care and treatment. This information is recorded on computer and we are registered under the Data Protection Act.

The practice will ensure that patient confidentiality is maintained at all times by all members of the practice team. However, for the effective functioning of a multi-disciplinary team it is sometimes necessary that medical information about you is shared between members of the team.

For further information and more detail on how the practice uses your health records please refer to the separate leaflet made by NHS Southwark "How We Use Your Health Records".

Freedom of Information

The Freedom of Information Act 2000 obliges the practice to produce a Publication Scheme. A Publication Scheme is a guide to the 'classes' of information the practice intends to routinely make available.

This scheme is available from the practice manager.

Zero Tolerance

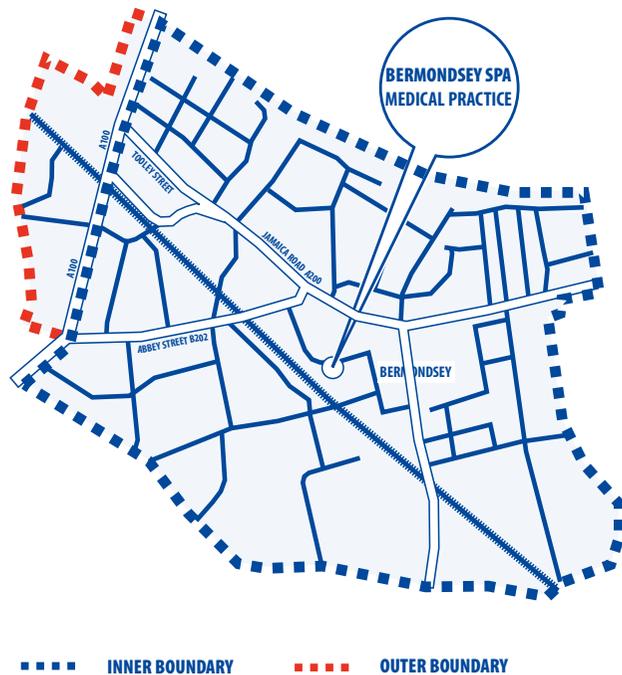

The practice supports the NHS policy of zero tolerance with regard to violence and/or verbal abuse to the doctors, staff or others on the practice premises or other locations where treatment may take place.

Persons abusing this policy may be reported to the police and removed from the practice list.

For the latest information click to: www.drsabhathi.co.uk

Practice Boundary

East from Tower Bridge Road to the roundabout at the bottom of Jamaica Road and South from River Thames to Southwark Park Road.

Practice Charter Standard

Your Doctor's Responsibilities

- To treat you with respect and courtesy at all times.
- To treat you as an individual, and to discuss with you the care and treatment we can provide.
- To give you full information on the services we offer.
- To give you the most appropriate care by suitably qualified staff.
- To provide you with emergency care when you need it.
- To refer you to a consultant acceptable to you when necessary.
- To give you access to your health records, subject to any limitations in the law.

Your Responsibilities As A Patient

- To treat all staff with respect and courtesy at all times.
- To tell us if you are unsure about the treatment we are offering you.

To ask for a home visit, only when the patient is unable to attend the medical centre through illness or infirmity.

To request such a visit if at all possible before 10.30am.

To ask for an out-of-hours visit only when necessary.

To keep your appointments and contact the medical centre in advance if you cannot.

To be punctual for appointments, and to make a separate appointment for each member of the family wishing to see the doctor.

Not to expect a prescription from every consultation with a doctor. There may be other options for treatment.

To take medicines according to the instructions and to only ask for a repeat prescription if you need one.

To let us know when you change your address or telephone number.

Help Us To Help You

Our aim is to offer our patients a fast, efficient and friendly service. However, to enable us to do this we require some help from yourselves.

1. Please do not request home visits unless you are housebound or genuinely too ill to attend the surgery.
2. If you have several problems you wish to discuss with the doctor, please ask for a longer appointment. Hurried consultations are unsatisfactory for both doctor and patient alike.
3. The out-of-hours service is for emergencies and urgent problems which cannot wait until the surgery re-opens. Please do not abuse this service.
4. If you are unable to attend an appointment, please cancel as early as possible, as this frees the appointment for someone else.
5. We always welcome suggestions as to any changes we can make to improve patient care and the services we offer. If you have any suggestions, please let us know by putting your idea in writing to the practice manager.

To encourage our patients to become your clients or customers, advertise your business now through our practice booklets, appointment cards and website. Simply call 0800 612 1516 for more information.
